# The new Concorde Compact – this is how great small can be.

A more exciting but challenging task is hard to imagine: to develop a new, revamped version of the most successful hi-top box-type van model of all time - the Concorde Compact. Since it first appeared on the scene in 1994, it has been scooping up prize after prize, voted "Motorhome of the Year" no less than seven times by the readers of promobil, Europe's largest motorhome magazine, as just one example. The perfected concept of the Compact was therefore gently enhanced rather than redesigned. Now based on the new Fiat Ducato, Concorde's "little one" offers more room for your holiday dreams within just 5.40 metres outside length than some of its substantially longer rivals. The new Compact: come aboard and see for yourself!

## 01 DESIGN

Powerful,  
stylish,  
dynamic.

In spite of belonging to this genus of motorhome by definition, there is hardly a less appropriate term to describe the Compact than “box-type van”. After all, Concorde’s “smallest”, with its dynamic contours, really does look nothing like a box. And this impression is reinforced inside, where the Compact is characterised by trend-setting elegance. There’s so much to discover!

### SO MUCH ROOM TO GET AWAY FROM IT ALL

Everyone needs places of refuge - little oases of peace and tranquility. And the new Compact offers as many of these oases as you need: the fully equipped bathroom with shower cubicle, the generously dimensioned seating elements, which can be converted into a single, or even a double bed, or the truly unique hi-top bed with a sleeping area measuring 210 x 170 cm. Enjoy your holiday!

## 02 EQUIPMENT

# Everything you need.

Is it possible to pack everything a motorhome traveller needs on holiday into a vehicle with an outside length of just 5.40 metres? It is. And there's room for more: thanks to the new Compact's ingenious layout, it offers you so much space that you'll soon forget that you're in a box-type van. The truly unparalleled spectrum of fixtures and fittings will take care of the everything else.

### **NO ROOM FOR COMPROMISE IN THE COMPACT**

The new Concorde's suitability for day-to-day use is assured, not least by a number of particularly unusual detailed solutions: the pull-out 178-litre luggage compartment at the back of the vehicle, for example, which ensures that you make the decision regarding how much luggage you take with you. Or the shoe compartment behind the driver's seat. Or the set of pockets on the back of the co-driver's seat (option). Or any of the other features in the seemingly endless list. But why don't you explore the new Compact yourself?

## 03 TECHNOLOGY

Perfectly thought out.

No compromises – that's the motto behind the Compact. Built onto the most successful basic vehicle of all time - the Fiat Ducato with 2.3-litre JTD engine and 120 HP (3.0 JTD/157 HP as an option), the Compact offers such technical highlights as anti-lock braking, traction control, six-speed transmission, a double-layer GRP hi-top roof and a 4 kW gas-powered fan heater. The Compact – uncompromisingly good.

DOOR MIRROR WITH INTEGRATED DIRECTION INDICATOR

**TWO-FLAME GAS HOB WITH GLASS COVER**

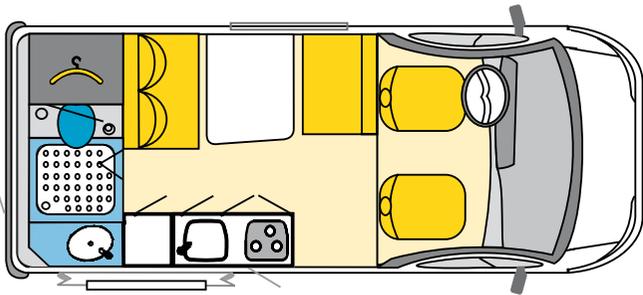

**CONTROL PANEL WITH LIQUID CRYSTAL DISPLAY**

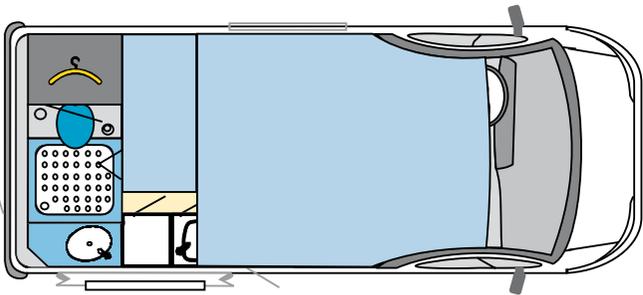

### **GREAT FEATURES PACKED INTO A MINIMUM OF SPACE**

It is the values within that also distinguish Concorde's smallest motorhome from its rivals. The pleasantly light-coloured furnishings made of 15-millimetre poplar plywood with scratch-resistant laminated finish, the 40 millimetres of insulation in the side walls and the 230 volt power supply system with electronic battery charger. And, if the standard comforts of the Compact are still not quite good enough for you, there are numerous extras available - such as ESP, alarm system, parking aid system or roof-mounted solar equipment - to help you customise the Compact to suit your own personal needs. You want your Compact to be unique, after all. As unique as you are.

# 04 TECHNICAL SPECIFICATION

Daytime situation

Night-time situation

The prices for vehicles and special options apply to vehicles purchased and registered in Germany and are quoted in euros including 16 % or 19 % value-added tax. Concorde reserves the right to adjust the quoted prices in the event of an increase in value-added tax between order and delivery. All prices are recommended retail prices ex works. If the vehicle manufacturers change their prices, this will necessitate a corresponding adjustment to the price of the finished vehicle. The prices for special options only apply where these are installed in the factory, assuming that adequate notice has been given. Where follow-up orders are placed within 12 weeks of the agreed delivery date, the possible delivery options must be discussed and agreed in detail. Retrospective installation work incurs additional costs for materials and labour. The quoted prices include the ancillary expenses for delivery of the chassis and acceptance by the German Technical Inspectorate (TÜV). Concorde reserves the right to implement technical modifications as long as the quality of the product remains the same or is improved, and the intended purpose is not adversely affected. This price list supersedes all previous price lists.

## VEHICLE

- Fiat Ducato box-type van
- Wheelbase: 3,450 mm
- Bumpers painted white
- Seats with height adjustment facility and armrests
- Seats covered in the material used in the living area
- 6-speed manual transmission
- Anti-lock braking system (ABS)
- Traction control system (ASR)
- Airbags for driver and co-driver
- Central locking system with remote control
- Electrically operated door mirrors and window regulators
- Radio preparation (speakers and antenna in rear-view mirror)
- 90 l fuel tank
- 215/70 R 15 tyres
- Double-layer GRP hi-top roof with 20 mm PUR foam insulation
- Pull-out 178 l luggage compartment in the rear, accessible through rear doors

## KITCHEN

- 2-flame hob and sink with glass cover
- 60 l compressor refrigerator
- Waste bin

## LIVING AREA

- Furnishings made of 15 mm poplar plywood with scratch-resistance laminated finish
- 40 mm side wall insulation
- Floor plate with 20 mm insulation
- 4 double-glazed, tinted pushout windows with integrated blinds
- Roof hatch with fly screen and blind
- Seating elements with two three-point seat belts (sleeping area: 194 x 90 / 80 cm)
- 210 x 170 cm bed in hi-top roof with removable ladder
- Curtains at window next to seating elements
- Curtain separating living area from driver's cab
- Carpet in the driver's cab and living area

## BATHROOM/TOILET

- Complete shower facility
- Stainless steel washbasin
- Acrylic glass sliding shower door
- Wall cabinet with mirror
- Cassette toilet
- Push-out window with integrated blind
- Wardrobe/cupboard

## TECHNOLOGY

- Freshwater and wastewater tanks, each approx. 100 l
- Gas-powered 4.0 kW fan heating system
- Hot water boiler, approx. 12 l
- 80 Ah gel battery
- 230 V system with electronic battery charger
- Automatic residual-current-operated circuit breaker
- Control panel to monitor water and battery levels
- LCD indicator for:
  - time
  - freshwater tank
  - battery voltage
  - inside and outside temperatures
- Gas compartment for 1 x 11 kg gas bottle (optional 2 x 5 kg)

## DATA

- Vehicle length: 5,410 mm
- Vehicle width: 2,060 mm
- Vehicle height: 3,070 mm
- Maximum permissible weight: 3,300 kg
- Kerb weight: 2,880 kg
- Payload: 420 kg

# 05 PRICES

## PRICES

Fiat Ducato 2.3 l JTD  
Turbo Diesel  
88 kW/120 HP – 320 Nm

**49,900.00**
