Enjoying life
AN INTEGRAL PART OF WHO WE ARE

Quality, attention to detail and that personal touch are an integral part of who we are and what we do at the Polar factory in Dorotea in northern Sweden. At Polar, we’ve always made our caravans with the greatest care and we take genuine pride in manufacturing Sweden’s very best caravan.

While northern Swedes don’t generally like to brag, the truth is that Polar is Sweden’s best-selling caravan. In 2009, there were a total of 45,500 registered Polar caravans.

So just what is it that makes Polar so popular? Our caravans are tightly sealed against leaks, well insulated against winter cold and have a long lifespan.

To ensure the best possible quality, we test each Polar caravan in our climate chamber. This tried and tested quality of our products means we are able to give you a seven-year watertight guarantee on your new caravan – a promise no competitor can match.

Naturally, we’re also proud to provide you with a two-year factory warranty. And should a problem arise, you can count on first-rate service from our expert retailers.

Polar caravans also come fitted with the market’s thickest insulation, superior floor heating and ventilation providing clean, fresh air. Most importantly, Polar caravans offer no-fuss, comfortable, evenly-distributed heating because we fine-tune all settings in the factory, and because the Alde Compact boiler we fit automatically switches between gas heater and electricity as needed.

We are proud to present our latest Polar 2011 caravan!
A Polar caravan is your home away from home. At Polar, we believe your caravan should reflect who you are and the life you live. That’s why we don’t keep a stock of “one size fits all” standard models, like most caravan manufacturers do. At Polar, we don’t just build caravans, we build your own personalised Polar caravan just for you.

**WE WANT YOU TO BE FREE TO LIVE YOUR OWN POLAR-LIFESTYLE!**

Buying your own Polar caravan means buying a world of possibilities to combine, add, and remove features so that you get the caravan that is perfect for you. We won’t start building your Polar caravan until you’ve told us in detail just how you want it. Each and every caravan manufactured in our factory in Dorotea, Sweden is stamped with its new owner’s name.

**Plan and combine**

Take that little bit of extra time to think about the kind of lifestyle you want to enjoy in your new Polar caravan. There are seven sizes and 10 different interior designs to choose from, giving you an almost infinite number of options. For many of our customers, interior layout is their number one priority. Others may have strict requirements on size, or perhaps a particular idea in mind for their caravan.

- For those with large families and many guests, there are several design combinations that can provide up to nine beds.
- If your caravan is also your workplace, a small office can be installed in the centre.
- Those who like to take longer journeys often choose a more spacious design that includes a bathroom and practical shower cubicle.
- Holiday-makers may prefer a more streamlined caravan that is easy to park.
- For those who enjoy cooking up a storm, Polar also provides a range of solutions that offer an excellent kitchen.

But perhaps you have your own idea about what your dream caravan should look like? At Polar we’ll do our best to help you make it a reality.

**COMPREHENSIVE CUSTOMER CARE**

As our valued customer, our concern for you naturally extends beyond your purchase of a Polar caravan. There are just some things you should expect from a Polar caravan.

**At least 10-year spare part guarantee**

We guarantee to stock spare parts for your caravan for at least 10 years - a standard of customer care very few of our competitors can match. We’ll also quickly dispatch any spare parts your service provider doesn’t have in stock.

**Excellent resale value**

Polar caravans also have a great resale value. We’re confident this is a feature you’ll really appreciate when it comes time to trade your Polar caravan in for a new model.

**Expert retailers**

Polar has probably the best retailers. They know practically all there is to know about both old and new model Polar caravans and will help you to put together a caravan that is just right for you.

**Great financing options**

Our retailers can also offer you excellent financing options.
NEWS IN 2011

This year’s new options and improvements are extensive: from things you will immediately appreciate to the less obvious enhancements that simply make life easier.

News #1 kitchen fan with three spotlights.

- Double DIN stereo
- Lamp posts
- Aluminium rims

...in a unique combination.
Only for Suite customers!

- Extra throw pillows
- Door mat
- Back supports
- Bath robes
- Hand towels
We build caravans for you

LB – two separate beds
Two comfortable beds along each wall. Windows at each bed ensure a bright and pleasant caravan. Options include a fixed overhead bed or fold-out bed above the beds.

BK – the nursery caravan
Nursery with fixed bunk beds. Select a separate curtain for each bed or a large curtain for both beds. Opposite is a double bed with fold-out bed above.

DBD – double bed with dinette
A double bed is combined with a dinette (table and chairs) opposite that converts to a bed. For additional beds, an overhead bed at the back can be included.

CTH – open and airy
This popular, open interior layout includes a toilet in the rear corner and a delightful double bed. Choose from a fixed overhead bed or a fold-out bed. The design also includes a handy kitchen with generous bench space.

CTX – with two bedrooms
Toilet in the rear corner and a double bed, plus a seating group that doubles as a bed in the centre. Choose from a fixed overhead bed or a fold-out bed above the double bed.

TR LB – toilet with shower and separate beds
Large and well-appointed toilet with a shower cubicle at the rear. Separate beds, each with their own window, makes for a bright and pleasant interior. Overhead bed on the left side available as an optional extra.
You can choose between seven different sizes, many layouts and a long list of options and accessories. Everything you need for the good life.

**TR DB – toilet with shower and double bed**
Large and well-appointed toilet with shower cabinet at the rear. The inclusion of a double bed provides a little extra room to move. Overhead bed on the left side available as an optional extra.

**GSX LB – comfortable and with plenty of room**
Two comfortable beds along each wall creates partitioned sleeping alcoves with windows alongside each bed. A practical seating group that doubles as a bed is also located in the centre of the caravan. Choose from a fixed overhead bed or a fold-out bed above each lower bed.

**GSX BK – Room for all, both large and small**
Double bed and nursery with fixed bunk bed. Also includes a practical central seating group that doubles as an extra bed. Choose between an individual curtain for each bed or a large, single curtain.

**TR DB – kid-friendly and with a full bathroom**
Large and well-appointed toilet with shower cubicle at the rear. Comfy double bed with fixed bunk bed opposite. Choose from a fixed overhead bed or a fold-out bed above the double bed.

**TRX – toilet with shower and double bed**
Smart combination of large and well-appointed toilet with shower and doubled bed, combined with a dinette (seating group) that doubles as a bed opposite. Fold-out beds are available as an optional extra if more sleeping room is desired.

**LR – living room**
Living room designed for TV, movie and music lovers! Specially-designed lounge suite, TV shelf, well-placed speakers coupled to a surround sound system, DVD player and designer coffee table. An extendable divan and detachable footstool provide even more seating room. Only in 620 CTX, 680 CTX, 730 GSX and 730 TRX models.
The Giant – 22.7m². A fantastic size and standard with a specially-designed layout that gives you everything you need plus that little bit extra. The Polar 950 Suite is equipped with everything you need, right from the start. Once you’ve decided on living life to its fullest, we’ll make your caravanning dream a reality.

Located at the far rear of the Polar 950 is a large toilet with shower and wardrobe. This model also includes a separate room that can be used either as a children’s room or as an office for adults. Practical side counter with chest of drawers. Large windows on both sides create a bright and pleasant atmosphere.
Delightful and incredibly spacious – there’s even room to dance! Here you will find space for all the things you want, without losing that cosy, intimate caravan feeling. Start by deciding which of the three layout designs you like best. Two of them are new this year.

Here we offer the chance for true dining pleasure with a large kitchen and a brand new, four-burner hob. Add a gas oven or microwave with grill function as optional extras, and make it easy to cook up a truly gourmet feast. The attractive, black upholstery creates a designer feel that suits both lively dinner parties and quite evenings at home.

Choose the option with the double bed and bunk bed and you’ll be sure of enough room for the whole family. Separate curtains for the bunk beds gives both adults and children some privacy. The central seating group will quickly become the kids’ own sofa.
Planning a party, family get-together or perhaps a few lazy days? This is a caravan that meets the most demanding requirements on space and comfort. We also offer four of our most popular interior layouts with this model.

This is five-star accommodation – with a large seating group and side counter that can also be used for a TV. Select a narrower version of the central seating group to gain more workspace in the kitchen. Even if you choose the living room alternative, you are still ensured a comfortable seating group for breakfasts, lunches and dinners. The large toilet with separate shower, as shown on the next page, is available in both the 680 TR LB and 680 TR DB models.
Try winter camping! Our caravans provide cosy, comfortable accommodation all year 'round. At Polar, we give you plenty of room to move, design options and a truly enjoyable caravanning experience – all year 'round. The Polar 620 also gives you the broadest range of layout options from which to choose. Dare we say almost TOO many options!

When winter comes and the snow blankets the caravan, it’s time to snuggle up in the sofa with a cup of hot chocolate. With our top-quality heating systems, we make sure winter time is also Polar time.

If you select the black upholstering with suede details, we will also include an extra throw pillow free of charge. Two separate beds ensure you will always get a good night’s sleep. Individual beds also make it easy to slip out in the morning without waking your friend.
When middle-of-the-road is just what you want then the Polar 590 is the perfect caravan for you. It offers just the right amount of room to live comfortably. With six different layouts to choose from and a wide range of optional extras, the 590 allows you to put together just the right Polar caravan for you.

Add the extras you want to make it just like home, like the microwave shown in the picture above.

The larger refrigerator, with a 179-litre capacity and separate 33-litre freezer, comes as standard in Polar 620, 680, 730 and 950 models, but can also be included as an optional extra with most other models.

The smaller 115-litre refrigerator with a 12-litre freezer, as shown above, comes as standard in Polar 520, 560 and 590 models.

When you select the smaller alternative, you get a TV shelf above the refrigerator and a wardrobe behind it. Both pictures show a 19-inch TV.
Big on features, compact in size. The perfect size for towing, but with plenty of room inside once you’ve pulled in. Choose from between four layouts, options and accessories. The Polar 560 is one of our most popular models.

Our nursery solution comes in different models, though the bunk bed comes as standard. The fold-out bed is a practical option.

Option: ladder for bunk bed and fold-out bed, as well as two storage drawers under the bed.
This is Sweden’s best-loved caravan. The Polar 560 CTH gives you most everything that makes caravaning such a great experience.

Sleep softly and soundly in the sumptuous double bed. The 560 CTH also includes a lounge suite that can seat a number of dinner guests, but which is also perfect for lazy evenings in front of the TV or for when you need a few extra beds.

OUR MOST POPULAR KITCHEN
The kitchen is the jewel in the 560 CTH’s crown. Open, superbly designed and a real pleasure to cook in.

The caravan shown in the picture is fitted with an extra window and chest of drawers instead of the wardrobe that comes as standard.
Easy, hassle-free and smart. This model lets you choose between two of our most popular layout designs. With a truly great design, this model holds its own against much larger caravans when it comes to comfort and features.

With the Polar 520 CTH and 520 LB you also have the option of including a fixed overhead bed or fold-out bed above the bed on the left-hand side.

The 520 LB is the only caravan in our range that has a kitchen sink that is integrated with a two-burner hob. Though compactly designed to fit into a modest space, you are still assured of having a kitchen with everything you need.

All other Polar models come with the new four-burner hob as standard.
Polar caravans also come with loads of optional extras to choose from, like air conditioning, load monitor, central vacuum cleaner, city water hook-up, CD player, DVD player, split curtain for bunk beds, electricity metre, extra-thick overlay mattresses, gas on/off switch, CO2 detector, floor runners, heated hand towel rail, IDC anti-snaking system, alternator to battery charger, lighting strips, external/internal gas detector, drawers under beds, tow ball lock, W5 3000, Puller winch, spare wheel carrier, back supports, extra throw pillows, external shower and more...

Optional extras

A combination fridge/freezer is also an optional extra in the majority of Polar caravans.

The microwave oven with grill function can be included as an extra in all models apart except the 520 LB.

A gas oven means you can treat yourself to fresh-baked bread, and more – not to mention a good potato gratin.

A benchtop in black laminate makes for an elegant complement. Light-coloured laminate comes as standard.

The standard central seating group is 105 cm wide, a narrower model 90cm wide is also available.

The CTH models also come with the option of a chest of drawers and an extra window. A tall wardrobe comes as standard.

The small skylight comes as standard, though most people choose a large Heki 2 or Heki de Lux.

An extra loading hatch at the rear for skis, fishing rods, etc., is a very practical touch that many appreciate.

Tinted windows are great when the sun is hottest and also give a measure of privacy.

The liquor cabinet with its transparent shelf and LED lighting provides both mood lighting and a touch of elegance.

A double bike rack means you can bring your bikes along with you.

A sturdy screen door that still allows for good ventilation. Can be fitted to all models.

A double bike rack means you can bring your bikes along with you.

A practical folding door is also available as an extra in many of our models. Standard in some larger models.

A sturdy wall bracket that can be extended and angled.

An extra ventilation hatch provides fresh air while still allowing privacy inside.

Good quality TV on a stand, for lazy nights spent on the sofa.

A ladder for the bunk bed or fold-out bed makes life a little bit easier.
**BROWN – Abisko and Brita**
Cushions in brown with divided corners and a bedspread in beige make for a timeless and complementary combination. Curtains in blue and beige on a white background. Two cushions with the same pattern.

**BEIGE LEATHER – Smögen and Siri**
Cushions with rounded corners and extra stuffing. Bedspread in a darker beige. Beige curtains with a discreet pattern in brown. Side curtains in white. Two cushions with the same pattern.

**RED – Jerm and Anna**
Red cushions with rounded corners and a red bedspread provide a splash of colour in your home away from home. Curtains in red and grey on a white background. Two cushions with the same pattern.

**GRY – Narvik and Mette**
Cushions in shades of grey with divided corners and a grey bedspread provide a reserved tone with good resistance to soiling. Curtains in red, grey and black on a white background. Two cushions with the same pattern.

**BEIGE – Koster and Nova**
Cushions in beige with rounded corners, a brown bedspread and detailing in dark brown make for a light and modern design. Curtains in a beige pattern on a cream background. Two cushions with the same pattern.

**BLACK – Sangis and Lova**
Cushions with divided corners in a black fabric elegantly bordered with suede and a grey bedspread. Curtains in a white pattern on a grey background with discreet detailing in red. Two cushions in the same patterned fabric and an extra throw pillow in grey, black and red.

**BRUNT LEATHER – Orust and Clara**
Cushions with rounded corners and extra stuffing. Bedspread in a darker beige. White curtains with a leaf pattern in shades of brown. Side curtains in brown. Two cushions with the same patterned.

Many of the caravans shown in the pictures are fitted with optional extras. Your retailer will be happy to help you select any extras you wish to have in your Polar caravan. Additional furnishings and decorations provided by the shops Önska, Designbutiken, Cervera and Åhléns in Umeå, Sweden, and 44:ans kläder in Dorotea, Sweden.

Our thanks to you all for your help!
OVERHEAD STORAGE ALTERNATIVES

520 LB
Standard: overhead cupboards along the long sides and the rear wall of the cabin. Extras: fold-out overhead bed or fixed overhead bed on the left side.

520 CTH, 560 CTH, 590 CTH, 620 CTH, 590 CTX, 620 CTX, 680 CTX
Standard: overhead cupboard above the double bed. Extras: fold-out overhead bed cupboards or fixed overhead bed on the left side.
